

UPDATE: * FACE MASK REQUIRED IN FRONT LOBBY *****

To our valued customers,

During these uncertain and continually changing times, Carolina Made plans to continue to operate at full capacity while taking every opportunity to be vigilant about our health, safety and well-being. Our employees and customers are our family and we want to make sure we're doing our part to stem the infection rate versus expand it. We are continually educating our workforce on proper hygiene, rigorously cleaning our workspaces, practicing social distancing throughout our warehouse and making sure safety is paramount.

We're prepared to be here to supply you with your apparel needs and are available via phone or email to make sure we're taking good care of you!

In regards to our drop-ship partners, this is the latest shipping information we have. We will keep this updated weekly and adjust as needed based on their abilities to ship:

All Drop Ship mills: Normal operation
